PROFESSIONAL EXPERIENCE

THINK DIGITAL | PROJECT COORDINATOR

January 2026 - Present | Nashik, MH, India

- Coordinated **17+ website projects** from requirements through development, deployment and post-launch support by managing client communication, task priorities, timelines and delivery follow-ups.
- Managed client requirements and feedback across multiple concurrent projects by conducting discussions, clarifying changes and translating business needs into actionable tasks.
- Supported timely delivery of website and digital projects by tracking tasks, identifying blockers and coordinating with team members to resolve issues.
- Coordinated project and development meetings to align clients and team members on requirements, priorities, deliverables and next steps.
- Managed changing requirements throughout project lifecycles by communicating updates and coordinating revised deliverables with stakeholders.
- Maintained project continuity through regular follow-ups with clients and team members, ensuring pending tasks, feedback and delivery dependencies were addressed.

PROFCYMA CAREER LLP | BUSINESS DEVELOPMENT EXECUTIVE

Oct 2025 - Dec 2025 | Pune, MH, India

- Communicated with prospective clients to understand their requirements and identify suitable solutions.
- Managed follow-ups and maintained regular communication with prospects throughout the business development process.
- Coordinated information between clients and internal teams to ensure requirements were communicated accurately.
- Maintained records of client interactions, follow-ups and ongoing opportunities.
- Supported day-to-day business development activities and contributed to client relationship management.

ADDITIONAL EXPERIENCE

FREELANCE PROJECT COORDINATION | PROJECT COORDINATOR

September 2025 -- Present | Nashik, Maharashtra, India

- Coordinated projects for **12 business owners** by gathering requirements, closing project engagements, preparing quotations and connecting clients with suitable freelance professionals.
- Built and coordinated a network of **15+ freelancers**, matching project requirements with relevant skills and managing communication throughout project delivery.
- Monitored client and freelancer relationships through weekly project meetings and individual follow-ups, tracking progress, clarifying requirements and resolving delivery issues.
- Managed project delivery from initial requirements through completion by tracking timelines, following up on pending tasks and coordinating revisions between clients and freelancers.
- Handled project changes and client feedback by communicating updated requirements to freelancers and aligning expectations, timelines and deliverables across stakeholders.
